Subject index

Articles in Update issues are indicated by page numbers in italics: S1 indicates the supplement

Acetonitrile, urinary concentrations in smokers 306
Acquired immunodeficiency syndrome *see* AIDS
Acute phase reactants in surgery for benign prostatic hyperplasia 77
Adenectomy, laparoscopic, benign prostatic hyperplasia (point of technique) 676
Adenocarcinoma, bladder (mini-review) 499
Adrenal hyperplasia, congenital, lower urinary tract symptoms and 1261
Adrenalectomy with radical nephrectomy, renal cell carcinoma, investigation of value by assessing adrenal involvement and function 526
Adrenocortical tissue, ectopic, in groin in children 407
AIDS, urological management of patients *709*
Alfuzosin
  effect on sexual function in men with lower urinary tract symptoms 603
  efficacy and safety of once-daily treatments of benign prostatic hyperplasia 1006
5-Aminolaevulinic acid: sequential mitomycin C and 5-aminolaevulinic acid-mediated photodynamic therapy in recurrent superficial bladder carcinoma 1204
Analgesia, renal colic (mini-review) 297
Androgen blockade, PSA-only recurrence of prostate cancer (mini-review) 285
Androgen receptor and signal-transduction pathways in hormone-refractory prostate cancer
  androgen-receptor cofactors and bypass pathways 1325
  modifications to androgen receptor 1318
Andropause (pharmaceutical review) 671
Angiopoietin-1 and -2 expression in bladder cancer 660
Anorectal malformations, sacral ratio and faecal incontinence (letter to editor) 909
Anticholinergics, overactive bladder treatment
  effects on sleep 346
  use in patients with glaucoma 98, 1365 (letter to editor)
Antidepressants, nocturia and 820
Antioxidants, stress response to surgery for BPH 77
Antisense oligonucleotides, Ki-67 inhibition in renal cell carcinoma severe combined immunodeficiency disease mouse model 416
Apoptosis, cryosurgery (mini-review) 1185
Aquaporin-2 expression in chronic renal allograft dysfunction 1104

Bedwetting, childhood, and later urinary and faecal incontinence 1058
Benign prostatic hyperplasia (BPH)
  cardiac failure and, management (comment) 278
  diagnosis, assessment of other causes of LUTS 549
  impact on patients (mini-review) 15
  laparoscopic adenectomy (point of technique) 676
  prostatitis/painful ejaculation and 571
  and sexual dysfunction, effect of extended-release and standard doxazosin 103
  systemic stress responses in patients undergoing surgery 77
  treatment
    alfuzosin or tamsulosin once daily 1006
    doxazosin standard and gastrointestinal therapeutic system 575
    evidence-based approach to understanding pharmacological class effect (mini-review) 743
    tamsulosin management of acute urinary retention 354
Bicalutamide, PSA-only recurrence of prostate cancer (mini-review) 285
Biomarkers, supplementary, prostate cancer diagnosis in high-risk patients (comment) 5
Biomaterials, drug-eluting (comment) 726
Bisphosphonates, prostate cancer treatment (mini-review) 935
Bladder
  accumulation of hypericin ion pairs in urothelium of rat bladder 436
  augmentation *see* Cystoplasty, augmentation
  blood flow, assessment of microheterogeneity in rat by high-resolution digital radiography 895
  diabetic-associated dysfunction (mini-review) 733
  exstrophy, growth and stretch response of smooth muscle cells 144
  inhibitory actions of calcitonin gene-related peptide and capsaicin 149
  localized contractions in normal bladder and in urinary urgency 1002
  outlet obstruction
    effect of alfuzosin on sexual dysfunction 603
    effect of selective COX-2 inhibitor on urothelial cell—cell interactions after partial obstruction 664
    effects of TAK-802 and tamsulosin on urodynamics in guinea-pig model 1071
    influence on regional differences in responses to electrical and adrenergic stimulation 157
  outlet obstruction and overactive bladder, comparison of doxazosin with and without tolterodine (letter to editor) 1117
  overactive
    darifenacin efficacy, tolerability and safety 993
    darifenacin flexible treatment strategy 580, 1381 (erratum)
    effect of solifenacin treatment on quality of life 81
    electrostimulation system for treatment of females 1251
    involuntary detrusor activity in 799
    and outlet obstruction, comparison of doxazosin with and without tolterodine (letter to editor) 1117
    urgency in (comment) 274
    urgency and its measurement 335, 924 (erratum)
    use of anticholinergics in patients with glaucoma 98, 1365 (letter to editor)
    validation of Urgency Perception Scale 591
  perforation while placing suburethral synthetic sling, technique for removing intravesical sling segment (point of technique) 187
  reconstruction
    orthotopic ileal neobladder in women 1045
    postoperative resorptive and excretory capacity of ileal neobladder 1287
    time required for chemical de-epithelialization of ileal segment 857

Prostate-specific antigen (PSA)
hormonal therapy for PSA-only recurrence of prostate cancer (mini-review) 285
prostate cancer detection 545, 1165 (comment)
PSA complexed to α1-antichymotrypsin in men with PSA levels of 2.0–4.0 ng/mL 761
use of free/total PSA levels 1247

© 2005 BJU INTERNATIONAL

volume-adjusted PSA variables in detecting impalpable cancer with PSA levels of 2–4 ng/mL 1243
Prostate-specific membrane antigen (PSMA), radiolabelled, staging of clinically localized prostate carcinoma 1230
Prostatectomy
radical
anatomical approach to endopelvic fascia 766
apical preparation and curtain dissection of neurovascular bundle (surgery illustrated) 911
cause and location of early death after 541, 1367 (letter to editor)
clinically advanced (cT3) prostate cancer 751
combined intracorporal injection and phosphodiesterase-5 inhibitor therapy for erectile dysfunction 843
curtain dissection of neurovascular bundle 1224
early catheter removal without alpha-blocker therapy or cystography 323 [greek alpha]
Gleason grading of prostate cancer *1144*
influence of bladder neck mucosal eversion on outcome 757
initial incision of lateral pelvic fascia and early ligation of vascular pedicles to reduce positive margin rates 40
laparascopic sural nerve grafting and preservation of sexual potency 1265
lymphoceles after 772
modified specimen retrieval for urethro-vesical anastomosis in laparoscopic prostatectomy (point of technique) 447
need for pelvic lymphadenectomy in prostate cancer patients with PSA level of <10 ng/mL (comment) 275
neuroprotective strategies (mini-review) 11
orgasmic dysfunction after (letters to editor) 452, 453
pathology findings 34
PCNA as progostic marker after 650
perineal, renal transplant recipients 319
radionuclide bone scintigraphy in biochemical recurrence after surgery (letter to editor) 189
robotic-assisted laparoscopic 3 (comment), 183 (point of technique)
surgical margin status after (mini-review) 281
treatments for erectile dysfunction after non-nerve sparing surgery 359
urinary function evaluation after 530
see also Transurethral resection of prostate
Prostatitis
benign prostatic hyperplasia and 571
chronic
sacral magnetic stimulation for non-inflammatory chronic pelvic pain 838
treatments (letter to editor) 1117
interstitial cystitis and, quantification of symptoms and correlation with potassium-sensitivity testing 86
prostate-related pain in chronic prostatitis/chronic pelvic pain syndrome *238*
Prostheses, testicular, insertion (point of technique) 1111
Protein kinase C (PKC) pathway, hormone-refractory prostate cancer 1318
PSA *see* Prostate-specific antigen
Psychology
assessment of prostate cancer support groups 46
role of partner in adjustment to prostate cancer treatment 780
Pyelonephritis, acute, role of indirect radionuclide cystography 619

Quality of life
acute urinary retention and 72
effect of benign prostatic hyperplasia (mini-review) 15
lower urinary tract symptoms and, structural equation model 1013
patients with overactive bladder treated with solifenacin 81
Questionnaires, treatment of overactive bladder in patients with glaucoma 98, 1365 (letter to editor)

Radiography, high-resolution digital, assessment of microheterogeneity of blood flow in rat bladder 895
Radionuclide cystography, indirect, role in acute pyelonephritis 619
Reactive oxygen species, male infertility and (mini-review) 503
Reconstructive urology, laparoscopic (comment) 724
Rectus abdominis muscle flap, use after bladder neck closure (point of technique) 450
Renal cell carcinoma (RCC)
anti-tumour activity of heat-shock protein 60-recognizing CD4+ T cells 421
excision of isolated renal-bed recurrence after radical nephrectomy 522
Ki-67 inhibition with antisense oligonucleotides 416
Kit (CD117) immunoreactivity in 315
metastatic
new treatments (mini-review) 1169
therapeutic approaches *1151*
nephrectomy of tumours with vena cava thrombus (surgery illustrated) 1369
prevalence, disease diagnosed at autopsy 31
screening renal ultrasonography in elderly 977
TNM staging, pT1a and pT1b subdivision 310
value of ipsilateral adrenalectomy with radical nephrectomy, adrenal involvement and function and 526
Renal colic, analgesia (mini-review) 297
Renal failure, effect of augmentation cystoplasty on bone structure 1066
Renal pelvis
prenatal unilateral dilatation (letter to editor) 190
tumours, resection and renal autotransplantation 1199
Renal *see also* Kidney
Resiniferatoxin, intravesical, detrusor overactivity refractory to anticholinergics 1023
Retroperitoneoscopy, nephrectomy and nephroureterectomy, body configuration after 384
Robotics, urological surgery 20 (mini-review), 908 (letter to editor)
laparoscopic radical prostatectomy (comment) 3
use of fourth arm (point of technique) 183
United Kingdom (comment) 723

Sacral magnetic stimulation for non-inflammatory chronic pelvic pain syndrome 838
Sacral ratio in children with anorectal malformations (letter to editor) 909
Saline, retrocolonic injection, access for percutaneous nephrostomy in pelvic kidney (point of technique) 1115
Screening
prostate cancer
free/total PSA levels in 1247
prevalence and characteristics of screen-detected cancer at low PSA levels *231*
renal cell carcinoma in elderly, renal ultrasonography in 977
Selective serotonin-reuptake inhibitors (SSRIs), nocturia and 820
Seminoma, presentation 1195

Sexual behaviour, Asian 40–80 year olds 609
Sexual dysfunction
efficacy of extended-release and standard doxazosin in concomitant BPH and sexual dysfunction 103
female, search for a drug treatment (pharmaceutical review) 181
help-seeking patterns in adults in Asia 609
male hypoactive sexual desire disorder (mini-review) 291
men with lower urinary tract symptoms, effect of alfuzosin 603
prostate cancer treatment and, role of partner 780
